

# Inspire™ 500

In-Ear Wireless Sport Headphones

## Never hurts. Never falls out.

Created by athletes, the Inspire™ 500 Sport Headphones by JBL add great sound performance to your active lifestyle, helping you staying focused while working out. Whether you're running cross-country or competing in CrossFit®, you will enjoy the secure TwistLock™ technology with ergonomic ear tips that are guaranteed never to hurt or fall out. Designed to motivate, up to 8 hours of JBL Signature Sound will keep you going longer and harder. What's more, there's a detachable cable clip for a more secure experience and sweatproof quality for endurance through rain, water, and sweat. These sport headphones provide a premium audio experience and perfect fit, with the convenience of Bluetooth® wireless.

## Features

- ▶ TwistLock™ technology
- ▶ FlexSoft™
- ▶ Sweat Proof
- ▶ Microphone with music and track control
- ▶ 8-hour life smart battery
- ▶ JBL Signature Sound with Pure Bass performance

# Inspire™ 500

In-Ear Wireless Sport Headphones

## Features and Benefits

### TwistLock™ technology

Our patented TwistLock™ technology provides a secure fit, ensuring these headphones never fall out even during the most rigorous physical activities.

### FlexSoft™

Guaranteed never to hurt, these headphones are made with ultra-soft flexible silicone for long-lasting ergonomic comfort.

### Sweat Proof

Developed for training in any conditions, the Inspire™ 500 endures through rain, water, and sweat.

### Microphone with music and track control

The sweat and water resistant 3-button microphone system provides a new level of convenience for the multi-tasker. Through the click of a button, you're able to control phone calls and music tracks without breaking from your work-out. Compatible with most smart phones.

### 8-hour life smart battery

The battery life is tested and proven to power a week's worth of workouts. Track the battery life with on-screen LED and audible indicators.

### JBL Signature Sound with Pure Bass performance

For over 60 years, JBL has engineered precise, naturally articulated sound found in high-end cinemas, arenas and recording studios around the world.
