## Features

- ▶ JBL sound with 2 high-performance drivers and a built-in bass port
- ▶ Built-in LED light show that pulses to your music
- ▶ Wireless Bluetooth® stereo streaming with NFC
- ▶ Rechargeable Li-ion battery for 5 hours of wireless fun

### Unrivaled JBL sound with 2 high-performance drivers and a built-in bass port for clear, room-filling sound

The name 'JBL' carries with it a reputation for quality sound with lifelike clarity and detail. Two 40mm drivers and a custom-tuned bass port provide room-filling sound with the high-fidelity sound reproduction you'd expect from a JBL product.

### Built-in audio and visual experience with programmable LED lights that pulse to your music – wherever you want it to be

Not only is it great to be free to take your music with you wherever you want it to go but to provide it – wirelessly – in a portable design that also livens up any get-together with a Multi-LED light show is an altogether different experience. It's a sound and vision revolution for the eyes and ears, giving you new ways to enjoy your favourite tunes.

### Wireless Bluetooth® stereo streaming with NFC for use with any Bluetooth®-enabled smart devices

Knowing you can deliver your sound preferences from any source device frees you up to spend more time having fun and less time planning for it. The spontaneity built into this instant-party sound system is one of its most exciting components.

### Pre-programmed and custom-programmed light themes controlling brightness and color, pulsed to your music

Variety is the spice of life – and you're in control of what happens next. From 5 pre-programmed light themes to many more downloadable options, you can choose to match these to your music or exhibit your own creative touch by customizing the patterns of brightness and color yourself. And you can change it with a single touch. Either way, the entertainment's on your terms.

### Rechargeable Li-ion battery for hours of wireless fun

It's sure not portable if you have to plug it in. And JBL Pulse can go anywhere and deliver wireless fun for up to 10 hours (music only) or 5 hours (music and light show) thanks to its rechargeable Li-ion battery. One less thing to worry about means the party starts now.
